SUMMARY

I graduated with a degree in French Language and Literature. After working as a Social Media Manager, I realized that it wasn't the career that truly excited me. As a result, I decided to focus on developing my skills in the IT sector. I am a self-taught Front-End Developer with a strong passion for web development, continually improving my abilities through platforms like Udemy and CodeWars. Driven by a passion for continuous learning, I aim to bring my creativity and problem-solving skills to a professional development team. I am currently seeking my first opportunity to grow as a Front-End Developer while contributing value to projects.

WORK EXPERIENCE

Ekotürk Yayıncılık A.Ş.

June 2023-February 2024

Social Media Manager

- Managed social media accounts by developing content strategies and engagement plans while creating and editing video highlights from live broadcasts for publication on various platforms. Ensured effective content presentation through video editing and structuring. Additionally, translated foreign programs into Turkish to enhance accessibility for a broader audience.
